REMARKS

RETURN TO CIA

[redacted] 25X1

25X1 [redacted] observed that all the MP were new uniforms with blue epaulets in the Soviet Air Force Hospital, located in the former convalescent home on the road to Zeesen between the railroad lines from Koenigswusterhausen to Luebben and Wittenwalde. [redacted] observed several Russian women wearing uniforms with blue epaulets and three female nurses all of whom were in uniform. On the spur track to the hospital there were seven railroad cars with coal which were being unloaded by an officer and 15 MP who wore blue epaulets. 25X1 Trucks [redacted] were used there. Ambulance 25X1 [redacted] and sedan [redacted] were observed near the guardhouse. * 25X1

25X1 * [redacted] Comment. The report indicates that the air force hospital, which was 25X1 last confirmed in 1950 [redacted] still exists. No data on the hospital are available. It is not known which air force units use this hospital.
